## A New Improvement for The Commons Club

### At The Brooks

### *Expanding, Modernizing and Improving Our Health & Lifestyle Center*

## Health & Lifestyle Center Renovation Newsletter #8

Dear Members:

This summer, we offer wonderful and soothing esthetician services and massages. Even more exciting is the development of our new Spa Center. Opening in late fall, the TCC Spa will feature five treatment rooms, spa locker/waiting rooms, and a private lobby. Click [here](#) for an architectural drawing of room layout.

Lobby and Entrance into the new Spa Center

Framing of Private Spa Treatment Rooms

Equally exciting is seeing the footprint for our new TCC Group Fitness Room develop as pictured below. Over 1,800sf of new space is located at the west end of our expanded center. During non-class hours, the space will flow seamlessly into the workout area for functional training.

This past July Fourth holiday weekend marks the first 60 days of construction. **The project remains on schedule and on budget.** In two weeks, structural steel beams and support columns will be incorporated into the expanded footprint. Following this in August will be the addition of trusses and the roof structure. Additional photos and project videos may also be viewed on the club's website. Questions and comments may be forwarded to [josepha@thecommonsclub.com](mailto:josepha@thecommonsclub.com).
